*Yoder Lumber has a variety of species of unique Live Edge Slabs available through our Buckhorn product showroom. Live Edge pieces are typically used for dining room and conference tables, desks, counter tops, shelving, and coffee bars and tables. Each piece provides a beautiful contrast to a piece of furniture or setting and expresses the natural origin of wood. Wood species cut into slabs are ash, cherry, hard and soft maple, red oak, walnut, and white oak. Other species available upon request.*

*An inventory of more than 300 live edge slabs.*

*Premium-quality hardwoods.*

*Available in a wide variety of species, thicknesses, and styles.*
